has created, applied, maintains and improves a  
**quality management system**

in accordance with

**Directive 2014/68/EU of the European Parliament and of the Council, annex III, module H, H1**  
**and**

**Government order No 219/2016, annex No 3, module H, H1**

in the following scope:

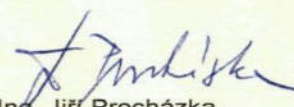

**The manufacturer is authorised to manufacture pressure equipment manufactured in the context of the assessed quality assurance system with the following number of notified body:**

**CE 2570**

The certificate is valid for pressure equipment given in the annex to this certificate. The manufacturer must inform the notified subject DOM - ZO 13 of any plan for fundamental changes in the quality system so that the notified body can evaluate whether this certificate remains valid. The validity of the certificate is conditional on compliance with provisions of the inspection activity contract No PED-22-311/S01 concluded between the notified subject and manufacturer. It is forbidden to change, add to, or rewrite the data on the certificate.

Initial issue dated 12.08.2022  
In Praha date 12.08.2022  
Validity of certificate to 12.08.2025

  
Ing. Jiří Procházka  
Deputy Head of Notified Body No. 2570
